OBJECTIVE

Provide a background of information and qualification for employment.

EMPLOYMENT

United States Air Force, Fort Riley, KS - *Section Chief, Readiness & Training*

August 2020 - Present

Developed and evaluated unit training and readiness programs to include instructing course material and combat readiness items. Oversaw prescription of individual training and readiness plans for a 35-member combat meteorology unit. Prepared, analyzed, and evaluated training status reports. Advised unit leadership on trends and recommended corrective actions. Ensured mobility readiness and deployment capabilities of the unit.

United States Air Force, Kapaun Air Station, Germany - *Non-Commissioned Officer in Charge of Training*

December 2017 - August 2020

Developed and evaluated unit training programs to include instructing course material, and tracking course progression. Oversaw prescription of individual training and readiness plans for 160 Airmen and U.S. Navy Sailors. Prepared, analyzed, and evaluated training status reports. Advised unit leadership on trends and recommended corrective actions. Ensured mobility readiness and deployment capabilities of the unit.

United States Air Force, Kapaun Air Station, Germany - *Regional Weather Supervisor*

August 2016 - December 2017

Supervised an eight-member forecast element overseeing theater weather operations covering a 14.2 square million-mile area of responsibility encompassing two continents. Oversaw the issuance of 1.6 thousand highly accurate weather forecasts to Department of Defense agencies, conducted day-to-day training of personnel, and handled time-critical high-visibility Distinguished Visitor and MEDEVAC contingency missions.

United States Air Force, Davis-Monthan Air Force Base, AZ - *Flight Weather Briefing Non-Commissioned Officer in Charge*

December 2010 - August 2016

Supervised a twelve-member aviation support element overseeing flight weather briefing operations for 81 Department of Defense installations throughout the Western United States. Prepared monthly operations schedules, conducted day-to-day training of personnel, and managed the production of 4.7 thousand forecast products annually for a 1.2 million square mile area of responsibility.

United States Air Force, Shaw Air Force Base, SC - *Regional Weather Supervisor*

April 2014 - December 2014

Supervised an eight-member forecast element overseeing theater weather operations for a 2.2 million square mile area of responsibility in the Middle East and Southwest Asia. Conducted wartime contingency weather forecasts for data-sparse regions, managed the production of 15 thousand weather products for use in wartime theater operations and maintained two tactical and deployable observing systems valued at \$250,000 apiece.
